A Brief History of World Power

The Venetian Black Nobility and its Roots as Today's Ruling Technoligarchy

"The arbitrary power of the Government is unlimited, and unexampled in history; freedoms of the Press, of opinion and of movement are as thoroughly exterminated as though the proclamation of the Rights of Man had never been."

Arthur Koestler, *Darkness at Noon*

Historically all British military colonies with White populations, such as Australia, New Zealand, Canada, Rhodesia and South Africa were under the authority of the Queen and her Government. Whereas all other "slave" colonies, such as India, Egypt, Bermuda, Malta, Singapore, Hong Kong, Gibraltar and the African nations were the private property of the Crown, which is the separate board of the "City of London." These colonies were exploited for slave labor and trade, to make banking cartels richer and more powerful.

Woe, Freeman of the Common Sense Laws of the Land.

O woe! all you "natural-born sovereign persons" thinking you be free; lo! behold, a nameless nobody promises New Hope for y^e wretched gits... for knowing, though it be not enough, is better than not knowing.

When people think of "The Crown," they automatically think of Queen Elizabeth II and the Red Dragon Satanic Royal family. In this, they are mistaken. Although extremely wealthy, the Queen, like the White Pope, functions largely as a CEO (i.e., in a ceremonial capacity) and serves to deflect attention away from "The Crown"—a consortium of twelve international privately-own banks, drug-running slavers having monopolized the misery of the Third World, headed by the Bank of England viz. the House of Rothschild, which issues marching orders through their control, most importantly, of the English Parliament, as well as of the influence of the Zevian-Frankist cult and the Wahhabist House of Saud.

Do you understand? Really! Comprehend the similarity of how it is that when people hear of "London" or the "The City" they instantly think of the capital of England in which the monarch has official residence. But, when we speak of "The City" we are, in fact, referring to "a privately-owned Corporation"—or the "Sovereign State"—occupying an irregular rectangle of 677 acres and located right in the heart of the 610 square mile "Greater London" metropolitan area. The population of "The City" is listed at just over four thousand, whereas the population of "Greater London" (32 boroughs) is approximately seven-and-a-half million. "The City" (financial capital of the world) is home to the great insurance companies and land speculators; it is not a part of England, just as much as the Vatican (Occult capital of the world), in the same context, is not part of Rome (Italy), neither is Washington D.C. (industrial-military capital of the world) part of the USA.

Indeed, "The City" is referred to as the wealthiest square mile on earth and is presided over by a Lord Mayor who is appointed annually. When the Queen wishes to conduct business within "The City," she is met by the Lord Mayor at Temple (Templar) Bar (q.v.) where she requests permission to enter this private, sovereign state. She then proceeds into "The City" walking several paces behind the Lord Mayor. Her entourage may not be clothed in anything other than service uniforms.

The "City of London" was created after the invasion of William of Orange, who acted on behalf of the disbanded Knights Templar. This is why the Templar Shield is at the center of the city's crest. Moreover, it was the descendants of the Templars' Brethren of John the Baptist which organized Scottish Rite Freemasonry along with the Rosicrucians—and, later, Templar Knight Baron Karl Gottlieb von Hund (of Germany) funded Adam Weishaupt, founder of the Order of the Bavarian Illuminati, occultist Count Alessandro di Cagliostro and the immortal Comte de St-Germain. These are the real rulers of the English Empire and, as said, the "City of London" is their financial capital: At least, this is something we are supposed to resign ourselves to believe.

By the 19th century, though, 90% of the world's trade was carried by British ships controlled by "The Crown." The other 10% of ships had to pay commissions to the Crown simply for the privilege of using the world's oceans. "The Crown" reaped billions in profits while operating under the protection of the British (and American) armed forces enforcing piratical Admiralty/Maritime Law (on land as well as on the seas). This was not British commerce nor British wealth, but "The Crown's commerce" and "The Crown's wealth." Author Frederic Morton estimated that by 1850 the Rothschild fortune was thought to be in excess of \$10 billion (today, the combined wealth of the Ashkenazi banking dynasties is estimated at around \$500 trillion): This they fervently deny!

The counterfeiting operation known as the Bank of England [] located in the privately-owned "City of London," was established in 1694 as an easy way for the "Government" to create and control world finance. The initial idea came from William Paterson, a Scottish money-changer who was an initiate to the Orange Order—a secret society developed by "King Billy"—the Protestant Dutchman who seized the thrones of Catholic King James II and being influenced behind the scenes by the Jewish ghetto cabal of money-lenders and coin-changers from Frankfurt am Main (in Germany). This is how those inhuman fiends conquered us without our knowing... even with our cooperation... and even with our insistence, oi. (((

))) Lord Protector Oliver Cromwell was used by the East Indies Company (VoC), based in Amsterdam, to put an end to the Glorious Revolution and Charles II, both; furthermore, the genocidal Puritan conquest of the Americas was backed by their West Indies Company (VWO)—blackbirder pimps in league with Barbary Pirates enslaving White Christians to Judeo-Islamic warlords; and the druglords who caused the Opium Wars. It was these warmongers which brought about the death of the Samurai Bushido culture... and the genocidal carpetbaggers responsible for every outrage perpetrated against the Southern Confederate States: Make no mistake about it, chum! none of us is free and few of us are worthy and even less folk have any real value to the future of our cities, our provinces, our countries... fewer folk than our ancestral roots provided for.

Make no mistake about it, eh... our living space is shrinking; undeserving Negroes are being elevated to positions of authority which they are incapable of performing. And the lie that loud-mouth Asians possess greater intelligence than us is a proven travesty perpetrated by their very cruel ignorance. Look at the mess they've made of their own despicable nations! What do you think is going to happen whence more of them are seeded here... tares rooting in the soil of our glorious Motherland which is soaked in the swat and blood and tears of our ancestors.

MARK: It was only after the Genoan Lombards, in Switzerland, wrought *Mad Madame Guillotine's reign of terror in France* by their Machiavellian manipulation of "the free press" and their Hegelian "controlled opposition" global-warming world-population-decrease Georgia Guidestones initiatives in fulfillment of *The Protocols of the Learned Elders of Zion*.

The beginning of our end commenced with compromising Emperor Napoléon Bonaparte by investing a misappropriated and embezzled fortune stolen from the cowardly Protectorate of the Germanies, which ended the régime of the "unholy" Holy Roman Empire in support of the Duke of Wellington and the Jewish acquisition of the Bank of England More-so, with the infiltration of the Synagogue of Satan (i.e., aristocrazia nera), those sinful socialists of the calculating international banking House of Rothschild—those God-damned Zevian-Frankist Bolsheviks caused the Judeo-Freemasonic and Islamic Armenian Genocide—those Marxist-Leninist monsters murdered the Noble House of Romanov and caused the bloody Russian Revolution, which led to the deaths of untold millions in the Nazi-American death-camps... Stalin's Holodomor starvation-pogrom against the Ukrainians... the consequent horrors of the dehumanizing Soviet Gulag Archipelago as well as Chairman Mao's Chinese Communist Cultural Revolution and the viral spread of communism throughout the civilized world in open conflict with our evolutionary tribal Euro-Christian pagan roots...

But the military order of the Society of Jesus aka the Jesuit Black Papists—successors of the Templar Grand Masters—and their international bankster Zio-Terrorist buddies based in the ignoble "City of London" has always and will always govern the Bavarian Illuminati-Freemasons. And they are governed by their satanic godevil Lucifer, called the "Light-bringer"—the hermaphroditic Goat of Mendes (i.e. Bamophet). Inasmuch as the Bank of England owns most of the Central Banks established around the world, and this is the real power of the modern British Empire... a continuation of the Draconian bloodlines of the Symbiotic Red Dragon 1% / 1% which hath spread its ugly tentacles o'er our world and grafted itself into all the most important positions of power and authority over freedom. One example is the Federal Reserve Bank, which is wholly owned by the Bank of England and her subsidiaries—as are the United Nations, the pinko European Union, International Monetary Foundation (IMF), World Bank, and European Central Bank (ECB), as well as the industrial-military complex and pharmaceutical industry at large, &c. Thus, our world has slowly been poisoned, our "free will" enslaved by a decadent Illuminati-Freemason conspiracy which hath exacted its vampyric tribute by exploiting our generations with unjust taxes, usurious compound fiat-interest on their various currencies and, using all us good folk as hostage strawman collateral, and, in so-doing, reducing us to Gentile cattle viz. "goyim." And, sheeple that we be, we ignore inflation, unemployment, the housing crisis and homelessness in the face of escalating immigration and increases in violent drug-related crime perpetrated by foreigners which we welcomed into our nations, our cities and neighbourhoods, our homes and our hearts. Hell, in many places throughout our once-free homelands, those traitorous fork-tongued parliamentarian liars which somehow always graduate to positions of power in the Hegelian corporate world, there is now what local authorities refer to as Muslim Shari'atic "No-Go Zones"! an increase in rioting by discontented young anarchists fed up with the Red Bureaucracy—ignorant zombified puppets addicted to the very technology which fetters them, silencing their voices and isolating and pitting every one against every one else whilst, all the while, we are replaced. This what we are told is "freedom" (depending upon what propaganda you choose to believe. But don't you dare think you will learn the truth online, eh! as you won't. (((

))) Let me assure you, cousin, we faithful folk shall persevere throughout the trials we are about to endure. I appeal to your better common sense not give over your children to "The Beast Unleashed". Do not believe that "any false god of men" shall descend from the clouds to rescue us. Nor dare imagine there are any aliens from outer space or spirits from beyond which could ever love us as we love one another. I am not saying that there is no God. I believe very much in God. Those who take it upon themselves, though, to gather in worship before alters on high places or kowtow before graven totems, nor those discontents given over to decorating and adorning themselves so as to assuage any feelings of inferiority and accommodate their antisocial pathology.

Remember, please! who you are. who you were meant to be! And never forget the great sacrifices made by all our divers advocates, those martyrs whose suffering and demise made it possible for those very same discontents take advantage of today, weak cowards given over to aggressive tantrums, nor take it for granted that those hopes and dreams they invested in us be wasted—even if we perish as trueborn, pure-hearted souls in the Great Apocalypse forthcoming.

Repent & Rebel, hoser.
